

Lesson Plan

Teacher Name		Subject:	
Topic/ Unit Title		Grade Level	
Lesson Title		Date	

Prior Knowledge
*What do students already know?
 How does this link to scope and sequence?*

Lesson Structure

Time	Learning Outcomes <i>What would students be able to do? (knowledge, understanding, skills)</i>	Strategy	Procedures of Teaching and Learning <i>What are the teaching and learning approaches you plan to adopt? What are the learning activities/ thinking routines?</i>	Assessment <i>What are the assessment strategies and tools you plan to use? How do you plan to check students' understanding? What is the evidence of learning?</i>	Resources <i>What are the resources you plan to use?</i>

Differentiation
*What are the strategies you plan to use to meet the needs of all learners?
 If some students struggle in their learning, what would you do?*

If some students master learning quickly, what would you do?

Metacognition

How do you plan to stimulate students' thinking?

Self-Reflection

What went well in your lesson?

What were the challenges you faced?

What are your suggestions for improving this lesson?
